REPORT ON
"Independence Day Celebrations"**

Independence Day is celebrated annually on 15 August as a public holiday in India commemorating the nation's independence from the United Kingdom on 15 August 1947, the day when the provisions of the Indian Independence Act, which transferred legislative sovereignty to the Indian Constituent Assembly, came into effect. India attained independence following the independence movement noted for largely non-violent resistance and civil disobedience led by Indian National Congress under the leadership of Mahatma Gandhi.

Independence coincided with the partition of India, in which British India was divided into the Dominions of India and Pakistan; the partition was accompanied by violent riots and mass casualties. On 15 August 1947, the first Prime Minister of India, Jawaharlal Nehru raised the Indian national flag above the Lahori Gate of the Red Fort in Delhi. On each subsequent Independence Day, the incumbent Prime Minister customarily raises the flag and gives an address to the nation. The entire event is broadcast by Doordarshan, India's national broadcaster, and usually begins with the shehnai music of Ustad Bismillah Khan. Independence Day is observed throughout India with flag-hoisting ceremonies, parades and cultural events. It is a national holiday in the country.

History

European traders had established outposts in the Indian subcontinent by the late 17th century. Through overwhelming military strength, the East India Company fought and annexed local kingdoms and established themselves as the dominant force by the 18th century. Following the Indian Rebellion of 1857, the Government of India Act 1858 led the British Crown to assume direct control of India. In the decades following, civic society gradually emerged across India, most notably the Indian National Congress Party, formed in 1885. The period after World War I was marked by colonial reforms such as

the Montagu-Chelmsford Reforms, but it also witnessed the enactment of the unpopular Rowlatt Act and calls for self-rule by Indian activists. the reform was gradually legislated by the British; Congress won victories in the resulting elections.

REPORT ON
"International Youth Day"

International Youth Day (IYD) is an awareness day designated by the United Nations that takes place on August 12. The purpose of the day is to draw attention to a given set of cultural and legal issues surrounding youth. The first IYD was observed on 12 August 2000.

Background

International Youth Day is observed annually on August 12. It is meant as an opportunity for governments and others to draw attention to youth issues worldwide. During IYD, concerts, workshops, cultural events, and meetings involving national and local government officials and youth organizations take place around the world. The World Conference of Ministers Responsible for Youth adopted a resolution to proclaim August 12 as International Youth Day at its first session in Lisbon, Portugal, from 8 to 12 August 1998. The recommendation was later endorsed by the General Assembly of the United Nations on December 17, 1999, with the adoption of Resolution 54/120. International Youth Day's Slogan for 2014 was Youth and Mental Health. For 2015, it was Youth and Civic Engagement. The theme of the 2016 International Youth Day was "The Road to 2030: Eradicating Poverty and Achieving Sustainable Consumption and Production." For 2017, the theme of IYD is "Youth Building Peace". The theme for IYD 2018 was "Safe Spaces for Youth". In this way it will go on which recognises the contributions of young people to preventing conflict, supporting inclusion, social justice, and sustain peace. For 2019, the theme of IYD was "Transforming education" to make education inclusive and accessible for all youth. And for 2020, the theme of IYD was "Youth Engagement for Global Action". The theme for 2021 IYD is "Transforming Food Systems: Youth Innovation for Human and Planetary Health" The theme for 2022 is "Intergenerational solidarity: Creating a world for all ages". The theme for 2023 is "Green Skills for Youth: Towards a Sustainable World." The theme for 2024 is "From Clicks to Progress: Youth Digital Pathways for Sustainable Development".

"G20 Summit"

The 2023 Brazil–China summit was a four-day state visit by Luiz Inácio Lula da Silva, the President of Brazil, to China from 11 to 14 April 2023. It was Lula's first visit to China since his third taking office in January 2023. He was accompanied by a delegation of more than 240 CEOs, politicians and government officials and met with the Brazilian business community in China. He also met with Xi Jinping, the General Secretary of the Chinese Communist Party and President of China, to discuss various issues, especially the ongoing war in Ukraine and Brazil–China's potential roles as a mediators between Russia and the West.

Background

After four years of cold relations between the two countries, undermined by attacks against China by former President, Jair Bolsonaro, Lula came to office with the mission of "relaunching" the Brazil–China relationship as one of his main goals in the foreign policy of his new mandate. The discussions on how Brazil and China could play a mediating role in the conflict between Ukraine and Russia was also on the agenda. The Brazilian government said Lula's main goal in his visit was to restart trade relations with China.

Lula also attended the inauguration of Dilma Rousseff as President of the BRICS Bank in Shanghai.^[8]

Lula was scheduled to leave for a visit to China on March 25, but postponed his trip because he was diagnosed with the flu and pneumonia.

Agenda priorities

Brazil has put several agenda priorities for the dialogue with his Chinese counterparties:^{[1][3][2][4][5]}

- Revitalize the Brazil–China strategic partnership
- Repositioning Brazil on the global stage
- Repositioning the Global South as an important actor on the global stage
- Discussions on the war in Ukraine and Brazil and China's roles as mediators
- Discussions on the role of the United States and the European Union on the war
- Signing of several economic, technological and cultural agreements
- Discussions about decrease the dependence the two countries on the dollar
- Discussions about the BRICS membership expansion
- Discussions about Brazil's accession to China's Belt and Road Initiative

REPORT ON

Ek-Tarek Ek-Ganta Ek-Sath

It is an initiative focused on hardcore cleanliness activities, specifically shramdaan (voluntary labor) for the purpose of promoting cleanliness and sanitation in India. The goal is to mobilize citizens to come together for one hour at 10 am on 1st October and work towards cleaning various public places. This effort is meant to pay tribute to Mahatma Gandhi, whose Jayanti (birthday) falls on October 2nd, and to honor his vision of a clean and hygienic India. The Minister informed the media that a large number of Resident Welfare Associations have come forward to volunteer for shramdaan in nearly 1 lakh residential areas while village communities have come forward to adopt around 35,000 anganwadi centres all over the nation. NGOs, market associations, SHGs, faith groups, trade bodies, private sector etc have come forward to do shramdaan in 22,000 market areas, 10,000 water bodies, nearly 7,000 bus stands/toll plazas, nearly 1000 gaushalas, nearly 300 zoos & wildlife areas and various locations that will have mega cleanliness drives in rural and urban India.

Adding further, the Minister said that in a first of its kind, army, navy, air force will be coming together with civilians to clean up various garbage vulnerable places, railway tracks, heritage buildings, step-wells, forts. Large stretches of the National Highway is being adopted for cleanliness by lead groups like Baba Ramdev's Patanjali Yogpeeth and other

local communities. Many coastal regions will be taken up for swachhata by eminent groups led by Afroz Shah and Sudrasha Patnaik. Sulabh international has come forward to adopt Community and Public Toilets for cleaning on the 1st of Oct.

Shri Hardeep Singh Puri noted that various associations have come forward to clean museums, monuments and forts across the nation. As part of the cleanliness drive in schools/colleges, Mata Amritaanandamayi's Amma Foundation will offer shramdaan for swachhata in schools across the country. Pradeep Sangwan's Healing Himalayas has come forward to clean the Himalayan trail in Uttarakhand. ISKCON Temple association has come forward to adopt temple areas for cleanliness drives & Ramakrishna Math will be adopting math areas for shramdaan. Other organizations like FICCI, CII, CREDAI, NGOs like Sri Sathya Sai Loka Seva, Lions Club, Rotary club, UNICEF, Aga Khan foundation, etc. will join the action on Oct 1st.

Among the States, Uttar Pradesh has adopted over 1 lakh sites for cleanliness drives, whereas Maharashtra will be conducting cleanliness drives in over 62,000 locations with citizens joining the shramdaan at beaches, religious places, schools/colleges, water bodies etc. from Telangana are targeting to clean temples of historical significance across the State. Madhya Pradesh is all set to spring in action on 1st Oct from nearly 57,000 locations, whereas Andhra Pradesh & Gujarat have planned shramdaan in nearly 40,000 & 35,000 locations respectively. Union Cabinet Ministers, MPs, several Chief Ministers along with Mayors, Sarpanches and political leadership will join the citizen-led mega cleanliness drive too.

Significance: This initiative will help in visible cleanliness and promote a cleaner and more hygienic environment across the country. Exceptional students from the finale will be offered internships at ISRO centres. The top three winners of the hackathon will have the opportunity to showcase their applications during the National Space Day celebrations on August 23, 2024. "*Ek Tareekh Ek Ghanta Ek Saath*" is specifically about hard core cleanliness activities – shramdaan for swachhata. This is not about pledges, plog runs, rangoli competitions, wall paintings, nukkad natak. Shramdaan is only for cleanliness drives across the nation", emphasised Shri Hardeep Singh Puri, Minister of Housing & Urban Affairs and Petroleum & Natural Gas. On 105th episode of Mann Ki Baat, Prime Minister, appealed for 1 hour of shramdaan for swachhata at 10 am on 1st Oct by all citizens collectively as a 'swachhanjali' to Bapu on the eve of his Jayanti. This mega cleanliness drive calls upon citizens from all walks of life to join in actual cleaning activities at public places like market spaces, railway tracks, water bodies, tourist locations, places of worship etc. resulting in visible cleanliness.

**REPORT ON
"Statue Cleaning"**

STATUE CLEANING PROGRAM IS SOCIAL SERVICE ACTIVITY IN THE PART OF SWACHH BHARTAH ABHIYAN PROGRAM. THIS PROGRAM HELPFUL US TO PROTECT OUR HISTORICAL MONUMENTS.

Mahatma Gandhi once said, *"The charge had often been made that the Indian was slovenly in his habits and did not keep his house and surroundings clean. . . . But I had some bitter experiences. I saw that I could not so easily count on the help of the community in getting it to do its own duty, as I could in claiming for its rights. At some places, I met with insults, at other with polite indifference. It was too much for people to bestir themselves to keep their surroundings clean. To expect them to find money for the work was out of the question. These experiences taught me, better than ever before, that without infinite patience it was impossible to get the people to do any work. It is the reformer who is anxious for the reform, and not society, from which he should expect nothing better than opposition, abhorrence and even mortal persecution."*

He became conscious of this reality very early in his life and continued to feel so till the end of his days. He was aware of the fact that the condition of cleanliness and sanitation in India was really poor, and the scarcity of adequate toilets in most of the rural regions required as much effort as was needed to attain Swaraj. He further added that unless we *"rid ourselves of our dirty habits and have improved latrines, Swaraj can have no value for us."* He continued his struggle for cleanliness, sanitation and effective management of wastes in South Africa and then in India while fighting for Swaraj in India. After a year of the attainment of Independence in 1947, Gandhi was assassinated but his idea of sanitation and cleanliness continued to be propagated in both letter and spirit.

It was initially an idea but took the shape of a national mass movement after the launch of the Swachh Bharat Abhiyan by the Prime Minister Narendra Modi in 2014. While addressing the citizens of India on Independence Day in 2014, PM Modi talked about of 'Swachh Bharat' in his speech. He said, *"How do we celebrate the 150th birth anniversary of Mahatma Gandhi? – – – Mahatma Gandhi had cleanliness and sanitation closest to his heart. Whether we resolve not to leave a speck of dirt in our village, city, street, area, school, temple, hospital, and what have you, by 2019 when we celebrate the 150th anniversary of Mahatma Gandhi? This happens not just with the Government, but with public*

participation. That is why we have to do it together." The scheme came into force on 2 October 2014 as nationwide sanitation campaign, 'Swachh Bharat Abhiyan' to make India an absolute Swachh country by 2019. Modi said that the Swachh Bharat mission is stimulated by patriotism and is beyond politics. This idea turned the thoughts of the people to Gandhi's idea of cleanliness.

However, in case of withdrawal of NCC sub unit from one institution and its re allotment to another one, the endorsement of the State Govt is not mandatory. **REPORT ON
"Waste To Wonder & Waste To Wealth"**

Waste to wonder & waste to wealth includes the processes and actions required to manage waste from its inception to its final disposal. This includes the collection, transport, treatment, and disposal of waste, together with monitoring and regulation of the waste management process and waste-related laws, technologies, and economic mechanisms.

Waste can either be solid, liquid, or gases and each type has different methods of disposal and management. Waste management deals with all types of waste, including industrial, biological, household, municipal, organic, biomedical, radioactive wastes. In some cases, waste can pose a threat to human health. Health issues are associated with the entire process of waste management. Health issues can also arise indirectly or directly: directly through the handling of solid waste, and indirectly through the consumption of water, soil, and food. Waste is produced by human activity, for example, the extraction and processing of raw materials. Waste management is intended to reduce the adverse effects of waste on human health, the environment, planetary resources, and aesthetics.

The aim of waste management is to reduce the dangerous effects of such waste on the environment and human health. A big part of waste management deals with municipal solid waste, which is created by industrial, commercial, and household activity.

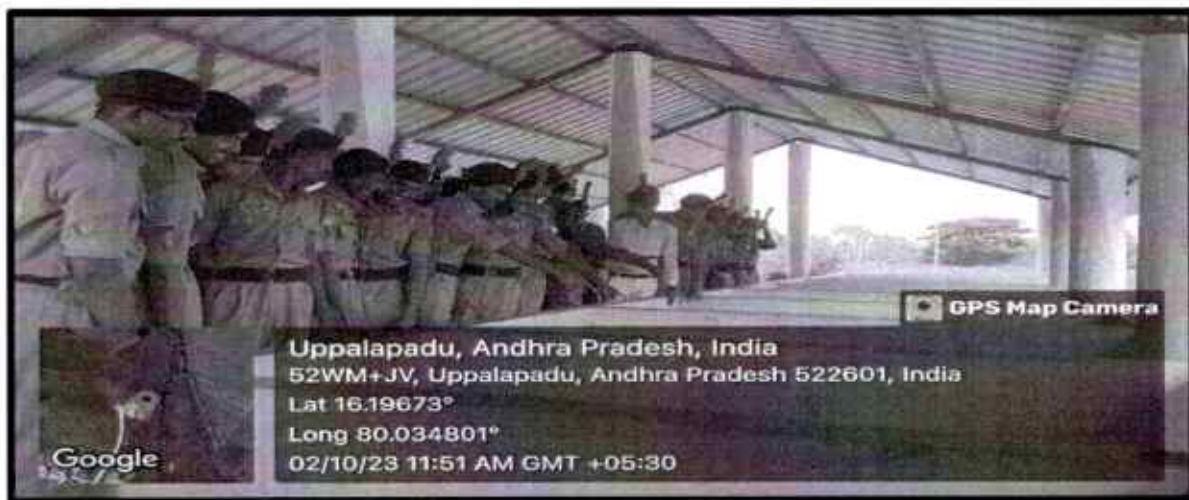

Waste management practices are not the same across countries (developed and developing nations); regions (urban and rural areas), and residential and industrial sectors can all take different approaches.

Proper management of waste is important for building sustainable and livable cities, but it remains a challenge for many developing countries and cities. A report found that effective waste management is relatively expensive, usually comprising 20%–50% of municipal budgets. Operating this essential municipal service requires integrated systems that are efficient, sustainable, and socially supported. A large portion of waste management practices deal with municipal solid waste (MSW) which is the bulk of the waste that is created by household, industrial, and commercial activity. According to the Intergovernmental Panel on Climate Change (IPCC), municipal solid waste is expected to reach approximately 3.4 Gt by 2050; however, policies and lawmaking can reduce the amount of waste produced in different areas and cities of the world. Measures of waste management include measures for integrated techno-economic mechanisms of a circular economy, effective disposal facilities, export and import control and optimal sustainable design of products that are produced.

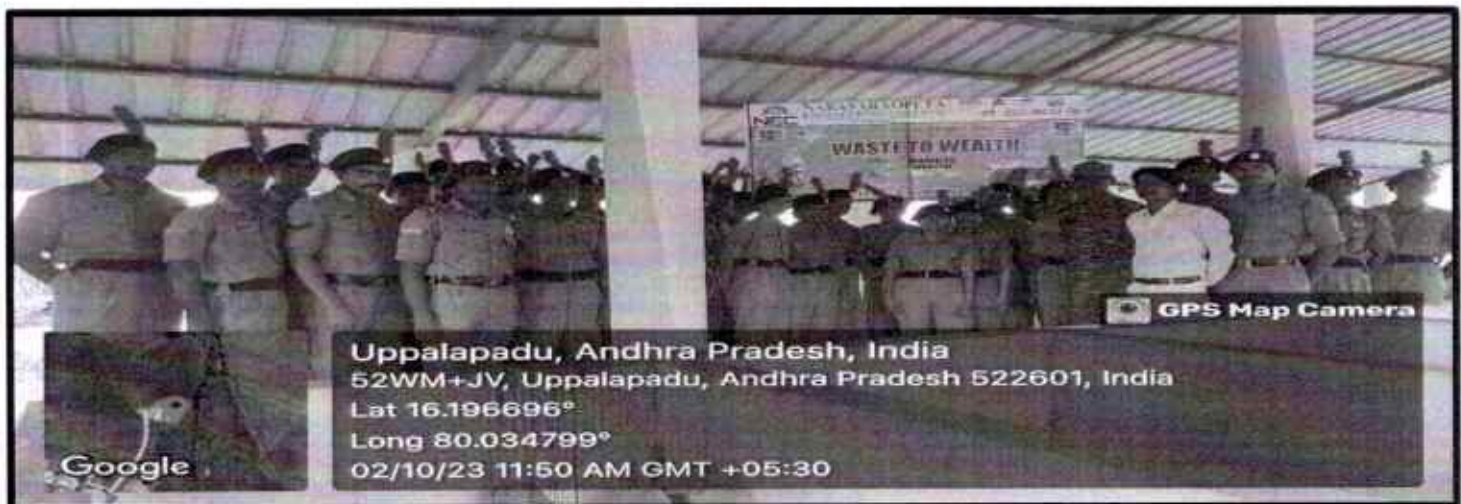

In the first systematic review of the scientific evidence around global waste, its management, and its impact on human health and life, authors concluded that about a fourth of all the municipal solid terrestrial waste is not collected and an additional fourth is mismanaged after collection, often being burned in open and uncontrolled fires – or close to one billion tons per year when combined. They also found that broad priority areas each lack a “high-quality research base”, partly due to the absence of “substantial research funding”, which motivated scientists often require. Electronic waste includes discarded computer monitors, motherboards, mobile phones and chargers, compact discs headphones, television sets, air conditioners and refrigerators. According to the Global E-waste Monitor 2017, India generates ~ 2 million tons (Mte) of e-waste annually and ranks fifth among the e-waste producing countries, after the United States, the People’s Republic of China, Japan and Germany.

REPORT ON
"Armed Forces Flag Day"

The **Armed Forces Flag Day** or the **Flag Day of India** is a day dedicated to honoring the soldiers and veterans of India's armed forces. It has been observed annually in India on December 7 since 1949.

History

Immediately after India achieved independence, a need arose for the government to manage the welfare of its defence personnel. On August 28, 1949, a committee set up under the defence minister decided to observe a Flag Day annually on December 7. The idea behind observing a Flag Day was to distribute small flags to the general population and in return collect donations. Flag Day gains more significance as it considers that it is the responsibility of the civilian population of India to take care of the families and dependents of the armed forces personnel who fight for the country.

Jawaharlal Nehru, who was then Prime Minister of India, on December 7, 1954, said

The flag of the Indian Armed Forces is similar to that of the United Kingdom's Ministry of Defence, first utilized in 1956, and is a common colour scheme in British-allied territories, used by fellow Commonwealth nations including Cyprus, Kenya and Nigeria.

The Armed Forces Flag Day commemoration and the collection of funds through distribution of flags. It is a time for Indians to express its gratitude and appreciation to the current and veteran military personnel of India and to acknowledge those who died in service to the country

Flag Day Fund

The original Flag Day Fund was set up in 1949, by the Defence Minister's Committee. In 1993, the Defence Ministry of India consolidated related welfare funds into a single **Armed Forces Flag Day fund**. Those funds include,

**REPORT ON
"Republic Day Celebrations"**

Republic Day is a national holiday in India commemorating the adoption of the Constitution of India, and the country's transition to a republic which came into effect on 26 January 1950.

The constitution replaced the Government of India Act 1935 as the governing document of India, thus turning the nation from a dominion into a republic, following its independence from the British Raj in 1947. The constitution was adopted by the Constituent Assembly of India on 26 November 1949 and came into effect on 26 January 1950. The date was chosen because the Indian National Congress had proclaimed Purna Swaraj (complete independence) on that date in 1930.

Republic Day is commonly associated with parades, political speeches, cultural events and ceremonies, in addition to various other public and private events celebrating the history, government, and traditions of India.

Background

India achieved independence from the British Raj on 15 August 1947 following the success of the Indian independence movement which was led by Congress under the leadership of Mahatma Gandhi. This was enacted through the Indian Independence Act 1947, an act of the Parliament of the United Kingdom that partitioned British India into the two new independent dominions of the British Commonwealth. India became a constitutional monarchy with George VI as head of state and the Earl Mountbatten as governor-general.

On 29 August 1947, a seven-member drafting committee was appointed to draft a permanent constitution, with Dr. B R Ambedkar as chairman. A draft constitution prepared by the committee was submitted to the Constituent Assembly on 4 November 1948. After the draft was discussed and debated, the constituent assembly adopted the constitution on 26 November 1949. The major part of the constitution came into effect on 26 January 1950 with Rajendra Prasad becoming the first President of India and the constituent assembly became the Parliament of India under the transitional provisions of the new constitution. The date was chosen as the Indian National Congress proclaimed Purna Swaraj (complete independence) on this day in 1930.

REPORT ON
"Indian Black Day"
(Pulwama Attack-2019)

The **2019 Pulwama attack** occurred on 14 February 2019, when a convoy of vehicles carrying Indian security personnel on the Jammu–Srinagar National Highway was attacked by a vehicle-borne suicide bomber at Lethapora in the Pulwama district of the erstwhile state of Jammu and Kashmir. The attack killed 40 Indian Central Reserve Police Force (CRPF) personnel as well as the perpetrator—Adil Ahmad Dar—who was a local Kashmiri youth from the Pulwama district. The responsibility for the attack was claimed by the Pakistan-based Islamist terrorist group, Jaish-e-Mohammed. India blamed neighbouring Pakistan for the attack, while the latter condemned the attack and denied having any connections to it. The attack dealt a severe blow to India–Pakistan relations, consequently resulting in the 2019 India–Pakistan military standoff. Subsequently, Indian investigations identified 19 accused. By August 2021, the main accused along with six others had been killed, and seven had been arrested.

The Indian government ignored at least 11 intelligence inputs from multiple sources, including by the Indian intelligence agency Intelligence Bureau and Jammu and Kashmir Police, before the attack. Satya Pal Malik, who was the governor of the state at the time, later alleged in an interview with Karan Thapar that the Prime Minister Narendra Modi asked him to remain silent on security lapses by his administration. In April 2023, the Home Minister of India Amit Shah rejected the allegations and said that the government has nothing to hide. He questioned the credibility of Malik's allegations and asked why he didn't raise these issues when he was the Governor of Jammu and Kashmir. Shah asked why Malik raised these issues after leaving the government.^{[12][13][14]}

Background

Further information: Kashmir conflict and Pakistan and state-sponsored terrorism

Kashmir is a disputed territory, claimed both by India and Pakistan with both countries administering part of the territory. Pakistan has sought to gain control of Indian-administered Kashmir. An insurgency began to proliferate in Indian-administered Kashmir in the late 1980s. Pakistan provided the insurgency with material support. Since 1989, about 70,000 people have been killed in the uprising and the Indian crackdown. According to *Time*, unrest in Kashmir grew in 2016 after India killed a popular militant leader, Burhan Wani. A rising number of young locals from Indian administered

Kashmir have joined the militancy. Many sources state that the majority of militants in Kashmir are now local, not foreign. In 2018 alone, the death toll included 260 militants, 160 civilians and 150 government forces.

Since 2015, Pakistan-based militants in Kashmir have increasingly taken to high-profile suicide attacks against the Indian security forces. In July 2015, three gunmen attacked a bus, and police station in Gurdaspur. Early in 2016, four to six gunmen attacked the Pathankot Air Force Station. In February and June 2016, the militants killed nine and eight security personnel respectively in Pampore. In September 2016, four assailants attacked an Indian Army brigade headquarters in Uri killing 19 soldiers. On 31 December 2017, the Commando Training Centre at Lethpora was also attacked by militants killing five security personnel. These attacks took place in the vicinity of the Jammu-Srinagar National Highway.^[8]

Attack

On 14 February 2019, a convoy of 78 vehicles transporting more than 2,500 Central Reserve Police Force (CRPF) personnel from Jammu to Srinagar was travelling on National Highway 44. The convoy had left Jammu around 03:30 IST and was carrying a large number of personnel due to the highway having been shut down for two days prior. The convoy was scheduled to reach its destination before sunset. At Lethpora near Awantipora, around 15:15 IST, a bus carrying security personnel was rammed by a car carrying explosives. It caused a blast which killed 40 CRPF personnel of the 76th Battalion and injured many others. The injured were moved to the army base hospital in Srinagar. Pakistan-based militant group Jaish-e-Mohammed claimed responsibility for the attack. They also released a video of the assailant Adil Ahmad Dar, 22, from Kakapora who had joined the group a year earlier. Dar's family had last seen him in March 2018, when he left his house on a bicycle one day and never returned. Pakistan denied any involvement, though Jaish-e-Mohammed's leader, Masood Azhar, is known to operate in the country. It was the deadliest terror attack on India's state security personnel in Kashmir since 1989.

Perpetrator

The perpetrator was identified as Adil Ahmad Dar, a 22-year old from Kakapora. According to Dar's parents, Dar became radicalized after he was beaten by Indian police. Between September 2016 and March 2018, Adil Dar was reportedly arrested six times by Indian authorities. However, each time he was released without any charges.

Ignoring Intelligence inputs

Central Government had received at least 11 intelligence inputs, including from the Intelligence Bureau and Kashmir Police, days before the attack. Two days before the attack, Jaish-e-Mohammed uploaded a video of a suicide attack in Afghanistan and hinted at launching a similar attack in Kashmir. The Home Ministry refused to provide CRPF aircraft on the day of the attack and instead let the convoy take the road route, ignoring intelligence inputs.

REPORT ON
"General Election Duty"

The voters praised the services rendered by the National Cadet Corps (NCC) and National Service Scheme (NSS) and the police personnel at the polling stations on May 13. The NCC and NSS students helped the police regulate the queue lines at the polling booths as the voters waited for their turn. Students of various colleges who were deployed for election duties at polling stations supplied water to the voters waiting in queues and helped them cast their votes. "I was suffering from paralysis and reached the polling station in an auto. A girl, who was NSS volunteer, took me to the polling booth," said Suryakantam, a senior citizen. "We have learned about the polling process and the problems of senior citizens waiting in the queue lines. I thank the election authorities and the District Election Officer for giving us the opportunity to serve the people," said Sri Lakshmi, an NCC volunteer.

"The NSS and the NCC cadets helped us a lot. Some voters came to the polling station without an attendant. The NCC students took them to the EVMs and assisted them," said a polling officer.
