- The institutional faculty met several times to develop and cultivate a strong and meaningful vision and mission. The following components were also used to finalize the mission.

Quality Education
Professional career
Higher Education
Entrepreneurship/Innovation
Creativity
Life- long learning

Our dedication and commitment are to achieve long-term and unrivalled excellence in Technical Education. To that end, we are pursuing continuous infrastructure development and upgrading state-of-the-art equipment in order to provide our students with a technologically advanced and intellectually stimulating environment for learning, research, creativity, innovation, and professional activity, as well as instil ethical and moral values in them.

Vision:

To emerge as a centre of excellence in technical education with a blend of effective student centric teaching learning practices as well as research for the transformation of lives and community.

Mission:

- Provide the best class infrastructure to explore the field of engineering and research
- Build a passionate and a determined team of faculty with student centric teaching imbining experimental innovative skills.
- Imbibe lifelong learning skills entrepreneurial skills and ethical values in students for addressing societal problems.

➤ **History of Institution (Profile of NEC)**

Narasaraopeta Engineering College is an engineering college for higher education in India, located in Narasaraopeta, Guntur District, Andhra Pradesh, India. Established in 1998, NEC is an Autonomous Institution with permanent affiliation to JNTUK, Kakinada and is promoted and backed by Gayatri Educational Development Society (GEDS). The institution is approved by the All India Council for Technical Education, New Delhi, and has been accredited by the National Board of Accreditation (NBA) and National Assessment and Accreditation Council (NAAC) with 'A' Grade. The college is certified with ISO 9001:2008. The founder **Sri. Mittapalli Venkata Koteswara Rao**, who is an influential philanthropist and industrialist in Guntur District. NEC was the first technical education institution in the Palnadu Region of Guntur district, Andhra Pradesh. In the last two decades, the institute has produced prominent engineers, bureaucrats, and leaders in the region. It has been the centre for innovation, research, and entrepreneurship.

At present, the college is run by a group of educationalists, technologists and industrialists. Sri. M.V.Koteswara Rao acts as the chairman of the college managing committee. Mr. Chakravarthi Mittapalli is the Vice Chairman and Director of NEC Group of Institutions, who looks after the transformations in engineering, technical and professional education. Mr. Chakravarthi has been acting as the key person behind the industry-institute collaboration. It is under his leadership that NEC has been selected for setting up Indo-European Skilling centres for Mechatronics and Industrial Robotics - in collaboration with APSSDC & ARC (Applied Robot Control), Germany and Chairman, Andhra Technology Business Incubator. Mr. Ramesh Babu is the Secretary of the NEC.

Narasaraopeta Engineering College campus spreads across 40 acres of land. It is 120 km away from Vijayawada airport. Narasaraopeta is 50 km from Guntur and 25 km from Chilakaluripet (NH5) by road. The campus consists of a central library, classrooms with digital projectors enabled to facilitate the students with E-learning, wifi-enabled computer labs, and workshops-mechanical, civil, electrical.

Hostels are available for students (A.C & Non-A.C), canteen, medical centre, and indoor Games. The campus has a good cricket ground. The campus also contains a good playground for athletics and various sports.

Narasaraopeta Engineering College has 9 independent departments

Undergraduate Programmes (7)

➤ **About Founder Of Gayatri Educational Development Society**

It gives me immense pleasure addressing the core mission of this institution, which is to impart value-based quality education. We, at NEC, strive towards achieving this mission by providing world-class education to our students and preparing them to become the new-age leaders.

Located on 40 acres of land in Palnadu region of Guntur, our college has been walking on the path of growth and development for the last two decades. It has now transformed itself into one of the finest engineering institutes in Andhra Pradesh, which I can assure you is just the tip of the iceberg. We, the entire management of NEC, are taking huge initiatives to ensure the progress of all our students, faculty and the institute.

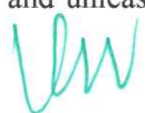

NEC believes in identifying the need of the hour and raises the benchmark of the education being provided in every discipline we offer. We recognize the rapid pace by which technology is evolving in the 21st Century and are striving to create the innovators and critical thinkers who can help our region and the nation adapt to this pace.

To achieve our mission, we have developed modern infrastructure, laboratories, and smart classrooms, and have gathered some of the most qualified and prominent faculty members and staff to impart quality education in the fields of electrical, mechanical, business administration, humanities & sciences, and others.

Each year we introduce a renewed curriculum based on the changing industry trends and demands. We also induce in our students a sense of social and national commitments so that they can utilize their knowledge and expertise for the benefit of the Society as well.

NEC is set to become the leader among the higher-education institutions established in Andhra Pradesh, and we welcome you to join us in this journey towards excellence and unleash a bright future for yourself.
