ACTION TAKEN REPORT STUDENT'S FEEDBACK ON CURRICULUM SUMMARY

Academic Year: 2023-24

The feedback on curriculum was collected and analysed by IQAC. In general, positive feedback was received as all the stakeholders expressed satisfaction with respect to content and design of the curriculum. The relevant suggestions were listed out by IQAC. The analysis of the feedback was discussed with Principal.

This institution is an autonomous institution and affiliated to Jawaharlal Nehru Technological University, Kakinada, and there is a provision of modification in syllabus by conducting Board of Studies meetings. All the suggestions on curriculum were communicated with students kept in Board of Studies/committees for their approval/modifications in next upcoming regulations.

Based on the IQAC's feedback requirements, the plan includes:

- Organizing special classes with senior professors from well-known colleges to improve the pass rate.
- Arranging Campus Recruitment Training (CRT) for students with an external agency, Byte-XL.
- Offering individual training for students between semesters IV-I and IV-II on topics like PLC, SCADA, Robotics, and Embedded Systems.
- Conducting Frecta dance and yoga programmes in regular intervals to remove academic stress
- Organizing workshops and Internships to give practical experience to set their career goals.

The IQAC shares curriculum suggestions and feedback with the Principal through review sessions, focusing on engaging students to enhance their creative thinking skills.
